Amendment No. 2
published and effective from 30 April 1984
to British Standard 5V.7 : 1952
(Aerospace Series)

Mahogany for use in airscrews

Obsolescence

Insert the following paragraph before clause 1.

'Obsolescent (by Amendment 2)

The need for the equipment covered by this British Standard has been reviewed and it has been decided that, in the interests of rationalization, it should be regarded as obsolescent and not therefore used for new designs. The standard will be withdrawn in due course.'
